

About “BEGINNINGS”

Church is more than just attending on Sunday mornings. It is a living breathing life-style. It is a way of life that has a foundation in a Great God. After all, it really is all about Him. Beginnings will help you to explore the Lord with newer insights.

It will show you that this thing called “Christianity” is actually more than just what people call themselves. There is so much more, and it is amazingly rewarding. At Christian Family Church we want to do more than just have or go to church. Learning how to be a viable and vital part of the body of Christ is really fundamental to experiencing the life God intended for us all. Beginnings will provide a fun environment of information and great

education. This provides a start to a great future with God. We invite you to go through the steps, you will change, you will experience a hope and a future, you will get a picture of what God is intending for YOU!
